

Data Processing Agreement

Updated 7 October 2026

This Data Processing Agreement (“*Agreement*”) forms part of the agreement governing the Purple Slot services (“*Principal Agreement*”) between:

the person or legal entity that registers a Purple Slot studio account, as identified by the information provided during registration

(the “*Studio*” or “*Controller*”) and

Paul Le Corre EI, trading as Purple Slot

98 rue de Coulmiers, 44000 Nantes, France

SIREN: 878 227 735 — Email: hello@purpleslot.io

(the “*Processor*” or “*Purple Slot*”).

ACCEPTANCE

The Studio owner who registers a Purple Slot studio account accepts this Agreement on the Studio’s behalf. This Agreement takes effect when the studio account is registered. No separate signature is required. Registering a student account does not constitute acceptance of this Agreement.

1 Processing covered by this Agreement

Purple Slot processes personal data on the Studio’s behalf to provide the Services during the term of the Principal Agreement.

The processing may include collecting, recording, organizing, storing, retrieving, updating, transmitting, exporting and deleting personal data for:

- managing Studios, customers, members, instructors, activities, schedules and resources;
- handling registrations, bookings, attendance, passes, orders, payments and invoices;
- sending service communications and Studio-directed messages;
- providing support, imports and exports; and
- maintaining, securing, monitoring and improving the Services.

The people concerned may include the Studio’s customers, members, prospective customers, instructors, employees, contractors, administrators and representatives.

The data may include names and contact details; account and customer identifiers; dates of birth; profile information and images; booking, attendance and activity information; purchases, passes, invoices, payments and transaction information; communications and support requests; authentication, device, network and usage information; and information the Studio chooses to enter in notes or other fields.

The Studio instructs Purple Slot to carry out this processing as necessary to provide the Services and as otherwise documented through the Studio’s use of the Services, support requests and written communications.

2 Studio responsibilities

The Studio shall comply with applicable data-protection law, provide all required information to Data Subjects and ensure that it has a valid legal basis for the processing it instructs Purple Slot to perform.

The Studio shall not enter special-category data, including health data, unless that processing is lawful and necessary and the Studio has implemented the safeguards required by law. The Studio is responsible for the content it enters in free-text fields and for the lawfulness of its marketing communications.

3 Purple Slot responsibilities

Purple Slot shall:

- process personal data only on the Studio’s documented instructions, including for international transfers, unless EU or Member State law requires otherwise; where legally permitted, Purple Slot shall inform the Studio of such a requirement before processing;
- promptly inform the Studio if Purple Slot considers an instruction to infringe applicable EU or Member State data-protection law;
- ensure that persons authorized to process the data are bound by confidentiality;
- implement appropriate technical and organizational security measures in accordance with Article 32 GDPR;
- taking into account the nature of the processing and the information available to it, reasonably assist the Studio with Data Subject requests, personal-data breaches, security obligations, data-protection impact assessments and prior consultations under Articles 32 to 36 GDPR;

- notify the Studio without undue delay after becoming aware of a personal-data breach affecting data processed on the Studio's behalf;
- make available the information reasonably necessary to demonstrate compliance with Article 28 GDPR and allow audits or inspections by the Studio or its mandated auditor, subject to reasonable notice and appropriate confidentiality and security safeguards; and
- at the Studio's choice, delete or return the personal data when the Services end and delete remaining copies, unless applicable law requires retention.

If Purple Slot receives a Data Subject request concerning data processed for the Studio, Purple Slot shall forward it to the Studio and shall not respond except on the Studio's documented instructions or where required by law.

4 Subprocessors

The Studio gives Purple Slot general written authorization to engage the subprocessors identified in the current **Subprocessors and Other Data Recipients** document published by Purple Slot. Purple Slot shall contractually require each subprocessor to protect personal data to a standard equivalent to the obligations applicable to Purple Slot under this Agreement. Purple Slot remains responsible to the Studio for the performance of each subprocessor's data-protection obligations.

Purple Slot shall notify the Studio by email at least 30 days before a new or replacement subprocessor begins processing Studio personal data. The Studio may object during that period on reasonable data-protection grounds. The Parties shall work in good faith to resolve the objection; if no reasonable solution is available, either Party may terminate the affected Services.

5 International transfers

The Studio instructs Purple Slot to transfer personal data where necessary to provide the Services through the subprocessors identified in the current subprocessor list. Where personal data is transferred outside the European Economic Area, Purple Slot shall ensure that the transfer is covered by an applicable adequacy decision or other safeguards permitted by Chapter V GDPR, including the European Commission's Standard Contractual Clauses where required.

6 Term and priority

This Agreement remains in effect while Purple Slot processes personal data on the Studio's behalf under the Principal Agreement. If this Agreement conflicts with the Principal Agreement concerning that processing, this Agreement prevails.

7 Governing law and communications

This Agreement is governed by the laws of France. Any dispute shall be submitted to the competent courts determined in accordance with applicable law.

Notices under this Agreement may be sent electronically. Purple Slot will use the email address associated with the Studio account. The Studio may contact Purple Slot at hello@purpleslot.io.
